

CQRS QOF Manual Indicators User Guide 22/23

Overview

This guide describes how to enter the four required manual indicators for QOF 2022/23. If these indicators are not completed, QOF achievement and aspiration will not calculate and payment may be delayed. The indicators that need to be manually entered for QOF 2022/23 are:

Indicator	Description
QIPDD009	The contractor can demonstrate continuous quality improvement activity focused on prescription drug dependency as specified in the QOF guidance.
QIPDD010	The contractor has participated in network activity to regularly share and discuss learning from quality improvement activity focused on prescription drug dependency as specified in the QOF guidance.
QIOA011	The contractor can demonstrate continuous quality improvement activity focused on optimising access as specified in the QOF guidance.
QIOA012	The contractor has participated in network activity to regularly share and discuss learning from quality improvement activity focused on optimising access as specified in the QOF guidance.
